

How Your HOA Can Earn \$10 a Month Per Household—Without Raising Dues

The Easiest Way for HOAs to Generate Extra Income Every Month

Homeowners associations (HOAs) are always looking for new ways to support their communities—whether it's funding neighborhood improvements, covering maintenance costs, or simply keeping dues affordable. What if your HOA could generate steady, recurring income just by helping residents save money on something they're already paying for?

With the **CUE Broadcast affiliate program**, your HOA can do exactly that.

CUE Broadcast is a powerful streaming service that delivers 2,000+ live channels, 5,000+ movies, and 1,000+ TV series for just \$59.99/month. And when your HOA becomes a CUE affiliate, you can earn **\$10 per household, every month** for each homeowner who signs up through your custom link.

That's not just helpful—it's game-changing.

? How It Works

1. Your HOA signs up as a CUE affiliate
2. You receive a custom referral link
3. You share that link with homeowners in your community
4. Every time someone signs up, the HOA earns \$10/month, per active account

It's that simple. The income keeps coming in as long as those households keep their subscription active.

? Why This Makes Sense for HOAs

? Residents Save Money

Let's face it—most people are tired of bloated cable bills and juggling multiple streaming services. CUE offers everything in one place for a flat monthly rate. That means homeowners save money while still getting:

- Live local and national TV
- Sports and news
- Kids content, movies, and on-demand shows

- No contracts, no hidden fees

? The HOA Generates Monthly Revenue

Every time a resident signs up through the HOA's link, the association earns \$10/month. Get 25 homes to sign up? That's \$250/month in recurring income—or \$3,000 a year.

Multiply that across your neighborhood and the numbers get exciting fast.

? No Selling, Just Sharing

You're not pushing a product—they're already paying for TV and streaming. You're just introducing them to a better, more affordable option and benefiting the whole community at the same time.

? Use the Funds for Community Projects

The extra revenue could help cover:

- Maintenance and repairs
- Landscaping and snow removal
- Upgrades to parks, playgrounds, or common areas
- Offsetting HOA dues

Everyone wins.

? How to Promote It in Your Neighborhood

Once you sign up as an affiliate, you'll get a unique link to share. Here are a few easy ways to spread the word:

- Send a few email blasts to residents introducing the opportunity
- Add it to your HOA newsletter or website
- Include flyers in your next dues statement or community bulletin
- Post in your private Facebook group or Nextdoor page
- Host an info night or add a quick mention at your next HOA meeting

? Example message you can share:

"Want to ditch your expensive cable bill and still get 2,000+ channels, movies, and more for just \$59.99/month? Try CUE Streaming! When you sign up through our HOA link, the association earns \$10/month—helping fund neighborhood improvements. Everyone wins!"

? Real Numbers, Real Potential

No events to plan. No dues to raise. Just a better way to stream—and steady income for your community.

Let's break it down:

Potential Income

**25 homeowners =
\$250/month**

which is \$3,000/year

**50 homeowners =
\$500/month**

which is \$6,000/year

**75 homeowners =
\$750/month**

which is \$9,000/year

Best part? Once the link is out there, **the work is done**. The income continues to flow in, month after month. This is super easy to do – you already have the audience who wants to save money on streaming and cable bills.

In addition, each homeowner can sign up friends and then can get CUE Broadcast for free.
