

Make Money With CUE: How the Affiliate Program Works

You can actually earn real, recurring income just by helping people switch to a better TV service. The CUE Broadcast affiliate program pays **\$10 per month for every subscriber you refer**. That's not a one-time payout—it's monthly, for as long as they stay subscribed.

If you're looking for a side hustle that's simple, low-effort, and grows over time, this might be the smartest thing you do all year. It's perfect for anyone, of really any age (you're not too old to do this).

What Is CUE Broadcast?

CUE Broadcast is a powerful streaming alternative to cable TV. For **\$59.99/month**, users get:

- Over **1,300 live channels** (including sports, news, entertainment, and international content)
- Unlimited on-demand access to shows and movies
- Streaming on up to **5 devices at once**
- Support for Firestick, Roku, phones, tablets, laptops, and smart TVs

No contracts. No hidden fees. Just affordable, flexible TV that works anywhere. There are lots of CUE TV reviews out there, but just remember that the platform is changing on October 4, 2025 and it will be MUCH better.

How the Affiliate Program Works

1. **Sign up for the CUE service** using [this link](#)
2. **Become an affiliate** (optional and free)
3. **Share your referral link** with friends, family, or followers
4. **Earn \$10/month** for every person who subscribes through your link

The more people you help switch to CUE, the more you earn—every month. And yes, you do have to buy the service, but you'll get all that entertainment, and in no time, you'll have enough people signed up to pay for it. Or, there is one other option, but it has limits...

Bonus: Refer 3, Get It Free

Don't want to become a full affiliate? That's fine—you can still save. CUE offers a “**Refer 3, Get It Free**” program:

- Refer 3 new subscribers and your own monthly service is free

- Each of those 3 people can refer others too
- It's an easy way to save without selling

And if you decide you want to earn cash instead of just free service, you can always upgrade to the affiliate program later. This is important because any other people referred past 3 doesn't get you anything.

Why This Affiliate Program is Better Than Most

- **Pretty Much Everyone Watches TV** – You have the biggest market to go after
- **Recurring commissions** – You earn monthly, not just once
- **No product to stock or ship** – It's all digital
- **No startup cost** – You can start earning today
- **Easy pitch:** "Cable-style TV for just \$2/day"

Most affiliate programs make you hustle for a tiny one-time commission. CUE gives you recurring revenue that builds over time. You're not starting from zero each month.

Real Earning Example

- 10 referrals = **\$100/month**
- 50 referrals = **\$500/month**
- 100 referrals = **\$1,000/month**

And that's recurring. If your referrals stick around (and they usually do), this adds up fast. Think of the bills it can take care of for you – on autopilot.

Who Can Do This?

This isn't just for marketers. Anyone can promote CUE:

- Stay-at-home parents looking for flexible income
- Side hustlers and solopreneurs
- YouTubers, bloggers, TikTokers, and social influencers
- College students, retirees, and teachers
- HOAs, church groups, and community leaders

If you have a network—or know someone who hates their cable bill—you're ready to go.

Use It for Fundraising

Schools, churches, sports teams, and community groups can use CUE Broadcast as a long-term fundraising tool:

- **Sign up** for CUE and become an affiliate as an organization

- **Share your link** with parents, members, or supporters
- **Earn \$10/month per signup**—not just once, but as long as they stay subscribed

This creates recurring income that grows. It's way better than selling candy bars, wrapping paper, or discount cards because you keep getting paid every month. Do the work once, and you keep getting paid.

What You Get as an Affiliate
